# AAQ SERVICE TEAM

"We take care of your **Indoor Air Treatment Systems**"

## Preventive Maintenance Service

Our preventive maintenance plans offer you minimum downtime and fewer breakdowns.

**AAQ** offers checking, trouble-shooting, cleaning services & calibration of your indoor air quality control equipments. Regular maintenance helps to ensure that you meet emission requirements achieve energy efficiency and extend the lifespan of your investment.

## Water Damage Restoration

An important aspect of water damage restoration is remediation of moisture damage and mold problems, **AAQ** offer the proper equipments to dry, dehumidify & disinfect the damaged areas.

- Wet vacuum systems
- Radiant heaters
- Industrial dehumidifiers
- Air Sterilizers
- Air cleaning systems
- Hygrometer & moisture detectors

Mitigate the damages in the fastest possible time to allow the builders & renovators to start work.

## Repair & Parts

**AAQ** is able to mobilize within 24 hours\* to help you in times of breakdown and any emergency maintenance & repairs.

We have SOPs for fast response to remedy the needs of most urgent requests. Our trained Service Team mobilizes on call for contract based customers. Our part inventory including common parts, accessories and components for all of our equipments are tagged and controlled by a dedicated system.

\*T&C applies

## Rental of Equipments

We offer rental programs for wide range of equipments to cater to various applications.

### Dehumidifiers for:

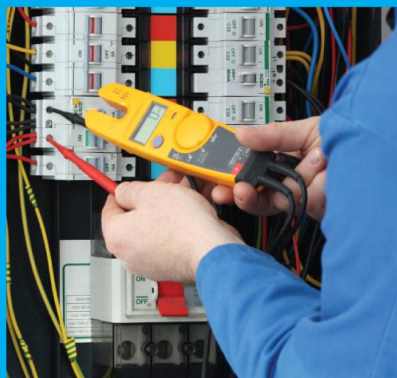

- Flood damage restoration, drying carpets, floor & walls.
- Preparatory drying works for building contractors to lay wooden flooring/carpets/wiring.
- Temporary storage and dry room.
- Internal painting, from small to large scale.

### Air Cleaning systems for:

- Fire damage restoration - soot & fine particles are hazardous to occupants.
- Flood damage restoration - mold & mildew thrive on damp conditions & must be removed.
- Temporary applications for short term requirements.

## Retrofit & Refurbishment

When budget does not allow for new equipments or you have a need to re-operate an older dehumidification/air cleaning /air treatment system, **AAQ** can put life back to your equipments. Whether it's a

- Portable refrigerant dehumidifiers
- Industrial desiccant dehumidifiers
- Air purifiers
- Electronic air cleaners
- Electrostatic precipitators
- Oil mist collectors

Ask us for evaluation. The bonus is, we could offer you loan unit while the job is being done.
