MOISTURE & HUMIDITY CONTROL SPECIALIST

## INDUSTRIAL DEHUMIDIFIER **MDH-240A**

# CONTROL MOISTURE & HUMIDITY WITH **DEVOODS®** DEHUMIDIFIER

The **Devoods MDH-240A** series dehumidifier is built particularly for air drying in closed rooms. The dehumidifier can prevent the formation of condensation, eliminate high air humidity and hold a specific air humidity constantly. The time which the dryer requires in order to achieve a specific humidity depends essentially on the environmental conditions. The attainable humidity value is equally dependent on the environmental conditions.
