

DEVOODS®

MOISTURE & HUMIDITY CONTROL SPECIALIST

DEHUMIDIFIER MDH-100

SMART AIR QUALITY SOLUTIONS

CONTROL MOISTURE & HUMIDITY WITH DEVOODS® DEHUMIDIFIER

Every place should be mold free. Mold and fungi can damage the place where they are present. It can also cause allergy reaction, asthma and other respiratory ailments. The solution is to control the source of the problem by removing excessive moisture in the room. Moisture in the surrounding creates a conducive environment that encourages the growth of biological pollutants.

Removes Moisture In The Air With DEVOODS DEHUMIDIFIER

A dehumidifier used to reduce the humidity in the air. It works to control the humidity by removing the moist air in the atmosphere. A fan draws the room air (wet air) over the evaporator to condense the moisture and water is collected in a container. Dry air will then pass through the reheat coil and recirculated back into the room.

Water Damage / Drying Building

Water damage is one of the most significant and common causes of building damage. It is a result of leaking roof, broken pipes or flood water.

Warehouses and Manufacturing facilities are particularly susceptible to water damage resulting in financial and commercial losses. Water and moisture can ruin raw materials, inventories, machineries and building structure. Mold growth should be cleaned and sanitized as it poses a critical health threat to occupants.

TECHNICAL SPECIFICATIONS

| | |
|-------------------------------------|-------------------------------|
| MODEL | MDH-100 |
| Dehumidifying Capacity (30°C RH80%) | 100L/day |
| SPECIFICATIONS | |
| Power Consumption | 1370W |
| Power Supply | 240V/1Ph/50Hz |
| Max Current | 6.4 (A) |
| Noise Level | ≤60dB (A) |
| Operating Temperature | 5 - 35°C |
| Refrigerant | R410A |
| Net Weight | 45 Kg |
| Auto Timer | Operating Hours |
| Product Size (W x D x H) | 530 x 515 x 830 (mm) |
| FEATURES | |
| Auto Defrost | Yes |
| Water Container | Direct Discharge |
| Microprocessor Check at Start Up | Yes |
| Electronic Control | Yes |
| Soft Key Button | Yes |
| Display Screen | Digital LCD |
| Compressor Type | Rotary |
| Washable Air Filter | Yes |
| Continuous Drain Out | Yes with pump |
| Convenient Handle | Yes |
| Casters | Industrial Grade Large Wheels |
| Fan Speed | 1 |
| WARRANTY | |
| Warranty | 2 Years (T&C applies) |
